2.5. CURRICULUM DEVELOPMENT CELL (CDC)

Education is the essence of human living and involves learning from the past, to live in the present and look into the future with confidence. It demands the development and implementation of a suitable curriculum under formal education. Curriculum development, therefore, is a continuous process in our institution and involves sustained effort to restructure, revise and update as often as possible. Curriculum Development Cell (CDC), constituted as a functionary of autonomy in our institution with due representation from all departments, takes care of the formulation of course scheme, guidelines, teaching strategies and the conduct of staff development programmes besides drafting the Operational Guidelines.

Curriculum Development Cell also engages itself in the preparation of study materials for and monitoring the conduct of Part-IV courses offered in this college such as Information Technology, Non-Major Electives, Personality Development, General Knowledge and Test of Reasoning, Environmental Studies, Value Education, Human Rights, Women Studies and Professional Ethics that are essential for the holistic development of students.

The criteria used for curriculum development in our institution are

- **Feed-back** obtained from students for **evaluation of the course scheme** and the views of the faculty on the existing curricula
- Suggestions given by external experts, university nominees, co-opted members, alumni and alumni from industry in the meeting of the Boards of Studies
- Interaction with the industrialists, professionals, scientists, external examiners, etc.,
- Discussion with HRD managers at the time of campus interviews
- Based upon the model curriculum prescribed by the UGC
- Incorporation of syllabi of various professional bodies / competitive examinations like UGC-NET,CSIR-NET,SET,GATE, CA, ICWA,UPSC,TNPSC, etc. in the Curriculum offered in the College

- Updation on the basis of syllabi of Parent University and Other Universities by accessing through the internet
- Freedom to revise the curricula of all programmes once in a year to accommodate the latest developments on need basis
- Mandatory revision of U.G. and P.G. curricula once in three years
- Induction of student members in the Curriculum Development Cell who witness the efforts taken for their welfare, in the field of Curriculum development

2.5.1. Special Features of CBCS

CBCS is being adopted in our institution from the Academic Year 1998-'99 for PG and 2003-2004 for UG degree courses. The special features of the CBCS in our college are

- Provision of greater **flexibility** in the curriculum in order to make it more learner friendly and useful to the society
- Incorporation of the **model curricula** prepared by the UGC / Tamil Nadu State Council for Higher Education in the existing structure wherever possible
- Introduction of non-major elective papers for all UG students under Part IV
- Classification of subjects under Part III into **core, allied and elective papers**
- Offering wider choice in allied and elective papers covering inter-disciplinary and application-oriented areas
- Introduction of **'Extra credit papers'** for the benefit of fast learners to take up advanced learning
- Introduction of a paper on **'Soft Skills'** for all U.G. learners to improve their communication skills
- Inclusion of **Information Technology** for all students under Part IV during their first year
- Offering **Value Education, Human Rights, Professional Ethics and Women Studies** under Part-IV to all UG students during their fifth semester
- Offering a paper on **'Environmental Studies'** to all U.G. learners under part-IV that includes both theory and Minor Project
- Computation of marks and classification of students on the basis of cumulative weighted average mark (CGPA)
- Inclusion of Yoga and Physical Education within the regular working hours for the I year UG students

- Inclusion of NSS/NCC/RRC/CCC/HFC/GPSC/EXNORA under Part-V of the Course Scheme in all the under-graduate courses
- Conduct of special programmes for all first year U.G. students for the selection of their Part-IV Paper under CBCS

2.5.2. MONITORING THE UNDER GRADUATE CURRICULUM

It is customary on our part to revise the Under Graduate curriculum once in four years. During the year 2019-20, the syllabus of the UG courses was revised as per the Operational guidelines for the Choice–Based Credit System (CBCS) that was approved by the 40th Academic Council held on 15th June 2019. The same will come to effect from June 2020 onwards.

2.5.3. MONITORING THE POST GRADUATE CURRICULUM

The CBCS has been in practice for all Post Graduate courses. To expose the PG students to their new academic environment, an Orientation Programme was conducted on 18-06-2019 to get familiarised with the Core and Elective papers offered by various departments. It is customary on our part to revise the Post Graduate curriculum once in three years.

Salient features of the revision are

- Introduction of **new papers** in tune with the influx of knowledge in the respective fields
- Introduction of **Inter disciplinary elective papersoffered jointly by two departments**
- Provision of **horizontal and vertical migration** of students in the selection of their **elective papers**
- Incorporation of the **Model Course Scheme** of Tamil Nadu State Council for Higher Education in the existing structure wherever possible.
- Introduction of 'Spoken English' and 'Soft skills' as **Supportive papers** for all Post Graduate students.

2.5.4. M.Phil. CURRICULUM

Implementation of the **UGC Regulations 2009** on **M. Phil. Courses** was done in the existing M.Phil.Degree Courses in Mathematics, Physics, Chemistry, Botany, Zoology, Microbiology, Biotechnology, Commerce, Economics, Tamil and Computer Science

2.5.5. ACADEMIC FLEXIBILITY

The rigidity attached with the affiliated system has been completely dispensed with under the autonomous set-up making academic flexibility as an in-built mechanism in the curriculum itself, as stated below.

Subject-wise options

To enable the learners to design their own curriculum based upon their career planning, aptitude and interest, the following subject-wise options are made available to them.

2.6. Add on Courses

Several add on courses are being offered in our institution both at UG and PG levels.

2.6.1.SELF-EMPLOYMENT COURSES

India is an emerging power and as an economic survey has made it clear, in future, jobs for the masses in India will come mostly from the manufacturing and service sectors and hence only a better-skilled workforce can improve global competitiveness. In India, only 5% of the labour force has got vocational training when compared to industrialized nations (60-80%). An altered pattern of employment, declining the role of the public sector as a job provider, a bigger role is played by the private sector, which looks for a wide skills spectrum. The nature of sustained academic programmes that are offered by the higher educational institutions should address the holistic needs of the society and not shaped by the momentary

market pressures. Hence, the college offers the following **30 Self-Employment Programmesto learners,** so that they may become job creators rather being job seekers. The details of the self-employment courses offered during the year under review are as follows.

Allotment of students for the self-employment papers was made on the basis of their choice collected through Students Academic Preference Inventory issued to them on 5-09-2019 and finalized after scrutiny by a panel of CDC members on 1-10-2019. The operational guidelines for the conduct of Self-employment courses prepared separately by the CDC were also issued to the departments concerned for effective implementation of the courses.

2.6.2.CERTIFICATE COURSES

Certificate courses are offered by various departments outside the class hours for the benefit of fast learners and students aiming for higher studies. A total of 27 certificate courses (23 One year duration and 4 Six month duration) were offered to students during the year under review. The details of these courses were given in the hand book supplied to the students and the courses were conducted by the respective departments as per the syllabus and guidelines passed in the Academic Council.

2.6.3. DIPLOMA COURSES

Diploma courses are offered by various departments outside the class hours for the benefit of fast learners and students aiming for higher studies. A total of 12 diploma courses were offered to the students during the year under review. The details of these courses were

given in the hand book supplied to the students and the courses were conducted by the respective departments as per the syllabus and guidelines passed in the Academic Council.

2.6.4. ADVANCED DIPLOMA COURSES

Advanced Diploma courses are offered by various departments outside the class hours for the benefit of fast learners and students aiming for higher studies. Two advanced diploma courses were offered to the students during the year under review. The details of these courses were given in the hand book supplied to the students and the courses were conducted by the respective departments as per the syllabus and guidelines passed in the Academic Council.

2.6.5. FEED BACK MECHANISM

It has been our practice to design the curriculum by taking into account the opinions of all stakeholders including learners at the grass root level. The following scientific feedback mechanisms are being adopted in the campus.

- Learners are asked to evaluate the programmes they have studied at the end of each year and their feedback is duly taken care of at the time of next revision of the curriculum
- Student members of the CDC also air their opinions on the existing curriculum in the cell meetings
- Opinion of the Teaching faculty on the revision of curriculum is obtained by convening a series of departmental meetings
- Every time when a major revision takes place, a special opinion survey is conducted among the **final year learners and the alumni** as well by the CDC
- Feedback from subject experts, alumni and professionals are also obtained at the meetings of the Boards of Studies of all disciplines
- Views of the local industrialists and prospective employers are obtained through interaction in an informal way
- Parents do express their free and frank opinions on the existing curriculum at the parent-teachers meetings
- Opinion of external examiners at the time of conducting practical examinations and ***Viva-Voce*** are also sought

- Views of eminent scholars, professionals, industrialists, university representatives and learners, both present and past are also obtained through their representation in the academic council

2.7. STAFF DEVELOPMENT PROGRAMME

Teaching is such a dynamic profession which needs lifelong learning. In order to bring in the latest concepts to the classrooms and enable the students to grasp the thoughts and ideas, a teacher must update himself/ herself. Acquisition of knowledge and wisdom is, indeed, the vocation of the teacher. In order to equip themselves with the latest concepts in their chosen field of interest, the teachers should be encouraged to participate in such academic gatherings that provide enough knowledge. Hence, every year we provide funds so as to enable our faculty members to participate in several Staff Development Programmes in other institutions also. Every year AARC, CDC, IQAC, CTEL and Women Cell are conducting Staff Enrichment Programmes in our college in order to enrich their skills in various areas of life and classroom management. Ultimately, out of all the professional development of the teachers, the student community gets benefited.

3.Changes made in Curriculum and Innnovations in the teaching methodologies and the evaluation of Students

3.1. Changes made in the curriculum

The major considerations addressed in the curriculum of our institution are

- Development of the **overall personality of learners** by giving due attention to all the educational domains in the curriculum
- Inculcation of **scientific temper, democratic, moral, social and spiritual values** in the minds of learners

- **Orientation** towards self-learning and developing skills in communication so that they may become a
- more active participants in the learning process
- Accessibility of quality education to all irrespective of caste and creed thereby increasing the GER (Gross Enrollment Ratio) of higher education in this region
- Giving a thrust on **holistic development of learners** with the emphasis on moral, social and spiritual enlightenment
- Appraisal, review and restructure of curricula on par with the expansion of **global knowledge** and Globalization
- Diversification of the courses with a view to establishing greater relevance to local socio-economic problems and world of work
- Introduction of greater flexibility in the curriculum by giving **more freedom of choice** to learners to design their own curriculum
- Exposure of learners to the recent developments in their disciplines particularly in Science, Information Technology and Commerce
- **Development of self-confidence and self-reliance** to face competitive examinations and thereby provide greater opportunities for employment
- Thrust on the improvement of **communication skills** through Spoken English and Mass Communication papers offered in the campus
- Assisting the P.G. students to undertake interdisciplinary researches, so that they may support the process of development and modernization of the nation with research work
- Bridging the gap between the theoretical knowledge and the world of work by establishing institution-industry linkages
- Imparting basic knowledge to the learners in the campus on the environment and environmental issues through the environmental studies, to create environmental awareness and undertake green initiatives to combat global warming
- Introduction of job-oriented , self-employment courses to meet the local requirement and thereby making learners employable in the market

3.2. Innovations in the teaching methodologies

Education is a light that shows mankind the right direction to surge. The purpose of education is not just making a student literate but imbibingin him asrationale thinking, knowledge and self sufficiency. When there is a willingness to change, there is a hope for progress in any field. Creativity can be developed and innovation benefits both students and teachers. Innovations in teaching and learning can be an audacious task considering the variety in the input of students. However, blended learning that couples traditional class room teaching with the modern day ICT–enabled teaching–learning process can be a panacea for the student community. ANJAC is a front runner in such innovations as it has created virtual classrooms with clarity visualizers, interactive boards, LCD projectors, Television with DTH access, VYAS Channel access, MLM and video lessons and modern (related) gadgets.

3.3. Evaluation of Students

Evaluation of students is done comprehensively by both the Continuous Internal Assessment and Terminal Examinations effectively by the respective Department and the Controller of Examinations UG &PG. In UG, evaluation of Part-I, Part-II and Part III papers will be based on an uniform pattern of 40% Continuous Internal Assessment (CIA) and 60% Terminal Examinations for Theory and on 50% CIA and 50% Terminal Examination for practical. In the case of Part-IV and Part-V papers, the evaluation shall vary as given in the course scheme and shall have the evaluation procedures as per the requirements of the papers. These papers shall be excluded from the common internal assessment test schedule prepared for the Part-I, Part-II and Part III papers. “Statement of Marks and Grades” will be issued to every student after the publication of results of Terminal Examinations of every semester. The statement of marks and grades will contain the number of credits for each paper, the marks obtained, the corresponding grade points and grade obtained by the student in the individual papers under Part I, II, III,IV and V and Cumulative Grade Point Average (CGPA) for Part I, II, III, IV and V separately. In PG, the performance of a student in each paper will be assessed by Continuous Internal Assessment (CIA) as well as by Terminal Examinations. The CIA will consist of Tests, Quizzes, Assignments and Seminar.

3.4 Students Welfare

The Coordinator of Students' Services look after the student welfare programmes including anti-ragging campaign as well as **encouraging students** to participate in various cultural activities organized by various Colleges / Universities.

In addition to these, an Orientation programme is conducted for the first year under-graduate students and Photo Identity Cards are also issued. The following are the student amenities provided in the campus

- Thirty Six Departmental Associations (one Association per Department)
- Nine clubs that include Media Club, Humour Club, Horticultural Club, Nature Club, Population Education Club, Red Ribbon Club, Legal Literacy Club, Consumer Club and Yellow Ribbon Club
- Bank and ATM facilities
- Non-Residential Students' Centre for boys and girls
- Multi-gym
- Students' Canteen and Co-operative Stores
- Student Services Centre with Photocopying, telephone, printing and binding facilities
- Career and Counselling Cell (Placement Cell)
- Alumni Association
- Indoor stadium

Our College Co-operative Store has won the **'Best Co-operative Store' Award** from the Tamil Nadu Government consecutively for **seventeen** years.

3.4.1. Orientation Programme

All the first year under-graduate students undergo an Orientation Programme on the reopening day of the college. They are provided with an information about the **history of the college,curricular, extra-curricular and co-curricular activities**along with the concept of autonomy. They are also informed about the **rules and regulations** of the college**, infrastructural facilities** available in the campus, **academic system, career prospects, general instructions about do's and don'ts**, to acclimatize with the new environment of learning. The **evils of ragging** and the punishments given as per UGC guidelines are also explained to the students.

The orientation programme for the first year students was conducted on 17th June, 2019, Dr.C.Parameswaran, Dean, Student Support Service, organized the meeting.Dr.C.Ashok, the

Principal, explained the rules and regulations of the college. The Principal stressed the importance of attendance for appearing in the examination and also highlighted the possibilities of getting scholarships from the Government. Dr.N.Senthilkumar, Dean, Curriculum Development Cell, explained the basis of the curriculum to be followed.

Dr.G.Yogeshwaran, Dean, Academic Affairs (UG),informed about the Choice Basesd Credit System and also about the internal and external pattern of examinations.

Dr.M.Meenakshi Sundaram, Dean, Extension Services, stressed the importance of joining the extension activities being conducted. Dr.V.Jayakumar, Convener, ANJAC Fine Arts informed the facilities available in the campus for developing the hidden talents of the students and various opportunities provided by the college to explore their talents.

Dr.M.Moovendhan, Head, Department of English,informed the Bridge Course in English. Dr.Sivasekaran, the Librarian, explained the rules and regulations of the library. K. Priyatharshini of I B.Sc (PB&PBT) proposed the vote of thanks.

3.4.2. Bridge Courses

The Department of English is well aware of the difficulties and inhibitions of the rural students in learning English. Since most of our students have completed their schooling in Tamil medium, they find learning through English, the medium of instruction in our college, to be very difficult.

In order to train them with the basic communicative skills of English, in the beginning of every academic year, a bridge course is offered to all the I year UG students of our college for six days. This course also acts as a bridge for the new student entrants to club the gap between the school and the college environments. In this course, they are also taught the basic components of English grammar which helps them to speak and write in English without grammatical errors. To develop their vocabulary, many comprehension passages are given to them for practice using new words. Thus, their six day Bridge course is made very useful for the first year UG students of our college. In the academic year 2019-20, the Bridge course was conducted from 18th to 24th June 2019, for 540 students.

3.4.3. Grievance Redressal Cell

Grievances in any form, if allowed to accumulate particularly in autonomous colleges,may lead to chaos by blocking the development of the institution. ANJAC has a well developed**Grievance RedressalCell** headed by the Correspondent to redress the grievances of all sections, in an unbiased way without any delay. Grievances can be represented either in person or to any one of the cell members or by a letter to be mailed or placed in the grievance / suggestion box placed before the Principal's office.

3.4.4. Installation of KIOSK

The College has installed the KIOSK terminals in the administrative block for helping the students to access the details relevant to the results of terminal examinations attendance, marks etc., Further through customized Open Source Software provisions for aptitude test, daily news and campus events are displayed.

3.4.5. Coaching programmes

In order to **help the poor and weak students**, coaching classes are also conducted; Students are encouraged to appear for competitive examinations and special coaching classes are conducted for the bright students. Coaching classes are also conducted for the M.C.A. and also for the M.B.A. entrance examinations. Besides, a special course on Spoken English is conducted to improve the communication skills among the learners. Again, the IAS-NET Study Circle has conducted coaching classes for the P.G. students during the year under review.

4.INTERNAL QUALITY ASSURANCE CELL (IQAC)

IQAC is one of the cerebral outfits in the college to lead the institution to achive designated academic landmarks. IQAC initiates and intensifies multifaceted academic endeavours in the campus to serve the cause of all stakeholders of the institution. IQAC is committed to create an organizational culture to develop skill based education, breed team sprit and promote student centric learning mechanisim so as to attain and exceed the higher education benchmarks referred by various academic assessment bureaux.

4.1 CENTRE FOR TECHNOLOGY ENHANCED LEARNING (CTEL)

ICT based learning has become an indispensable tool to acquire knowledge in all aspects of education. To enhance the quality of thinking among our students, our college has established the Centre for Technology Enhanced Learning (CTEL) on 2nd February 2009 in our campus. CTEL has been organizing seminars, workshops and training programmes to

both students and staff by inviting resource persons from software industries and academic institutions who excel in ICT based teaching. Our staff members have prepared more than 800 Multimedia Learning Materials (MLMs) from the subjects they had handled, for the benefit of our students. From these MLMs, students learn their subject concepts visually and they can test their knowledge by the contents, quizzes, and assignments provided in these MLMs. Students are also motivated to prepare the MLMs. More than 100 students have contributed their MLMs to the CTEL.

The CTEL extends its service to all the staff members and the students in the campus through the Co-operative Learning program which effectively utilizes these Multimedia materials. Cash awards are given to the best MLMs prepared by staff from 2012 onwards on the Teacher's Day Celebrations every year. Besides, CTEL organized various workshops, seminars, training programme for the staff and students.

CTEL now extends its horizon in the ICT based learning in the campus by joining hands with Department of Visual Communication. Our Staff members have prepared Video Lectures by utilizing the Audio – Visual Laboratory for the benefit of students and these video lectures compete with the lectures available in you-tube. Students find it very easy to understand the subject concepts by utilizing these video lectures prepared by our staff.

Now CTEL marches towards society by giving training to staff members to prepare Audio Books along with the other existing ICT based techniques. Recently, CTEL launched a web portal named as *ctel.anjaconline.org* which has the multimedia materials like MLMs, audio books and Video Lessons.

4.2 EQUAL OPPURTUNITY CENTER

As instructed by the UGC, we have established an Equal Opportunity Centre(EOC) in our College to provide Guidance and Counselling with respect to academic, financial, social and other matters for the disadvantaged groups.

Accordingly during the year 2019-2020, Equal Opportunity Centre has organized the following programmes for the benefit of disadvantaged groups.

- Self Awareness program on "Written rights and securing the necessities of life"
- Guest Lecture Programme on "Education is the vaccine for Violence"
- Self Awareness program on "Think out the box"

- Legal Awareness program on "Indian Legal Constitution- Property rights to women, Dowry act"

4.3 WOMENCELL

Women Cell is designated to act as a catalyst for empowering the womenfolk in the campus. The cell has organized workshop, staff development programmes and guest lecture programmes to educategirl students on issues like health, legal, economic and social. It also takes care to empower women of the rural areas through extension activities. Through "Earn while you learn scheme'', Women Cell further promotes the economic status of girl students studying in our institutions.

INSTRUMENTATION CENTRE:

The Instrumentation Centre of our college established in the year 2005 using the grants from DST-FIST and UGC-CPE/CE has been equipped with sophisticated instruments like UV-Visible Spectrophotometer, Fourier Transform Infrared Spectrophotometer , High Performance Liquid Chromatography, Atomic Absorption Spectrometer, Gas Chromatography-Mass Spectrometry,

Particle Size Analyzer, Spectro Fluorophotometer and Ultra Centrifuge. This centre is catering to the needs of the researchers of our college as well as other colleges, universities, research institutions and industries at affordable charges. In the year under review, nearly 2850 samples were analyzed using the instruments mentioned above. The centre has earned a sum of Rs.6,18, 410/- by analyzing the sample received from 62 colleges, 14 universities and 10 industries. List of samples analyzed.

Name of the Instrument	No of sample Analyzed

Atomic Absorption Spectrometer	776
Fourier Transform Infrared Spectrophotometer	1098
High Performance Liquid Chromatography	69
Uv-Visible Spectrophotometer	343
Gas Chromatography-Mass Spectrometry	333

4.5LIBRARY

The library plays a vital role in the process of institution's academic growth. The library follows open access system. It has an automated Barcode system for transaction of books. It has more than 1,02, 350 books, 37 Journals and magazines, 4079 M. Phil & Ph. D dissertations and 5000 back volumes of journals. Our college library, with the help of the magnanimous management, has also shown great interest in inculcating the habit of reading in the minds of students. It has constructed a separate spacious monumental modern library building with the functioning area of sprawling 25000 sq-ft.

The library has been built with a supplement of four well equipped and well furnished reading halls having 400 reading seats. Besides photocopying facilities and a separate binding section are also available. To have wide access of information it has 30 computer systems with Printer facilities. The reading materials are available in the form of CDs, DVDs and T.V. Broadcast. To view the above, a large format display T.V. room is allotted in the library with 80 seats. The library has separate reading rooms for Competitive Exam Study Circle and Research scholars to promote research and placement activities. Newly added facilities in the library are Two Scanners for e-gate entry, two Scanners for circulation and one Lamination Machine. The library gives a special care to the physically challenged persons in getting books and other services inside the library premises. Special collections of reading materials with Braille letters are available in the library.

The ANJAC library is completely digitalized with the state-of-the-art- technology on par with the rest of the information centers and academic libraries of our nation.

More than 500 of our students and staff are members in **INFLIBNET**. They get full text article more than 5000 titles and get e-books from more than 10000 titles. Our college is one of the members in **DELNET**. Students and Staff get access to the DELNET for getting full text articles, e-books and e-thesis. Our college ascertains the **Virtual Library** in this academic year with 20 multimedia systems in the library.

Now many Tamil literary resources are available in digital format. Those resources are accessed through computer networks. It is very useful to the users for getting on online resources. In order to utilize green energy, our management magnanimously sanctioned huge funds coupled with UGC grants and installed Solar panel-powered electric system in the entire library building.

5. 1 ACADEMIC PERFORMANCE AND EXAMINATION RESULTS

The college re-opened on 17.06.2019 for the odd semester of the academic year 2019-20 and during the odd semester, **the college worked for 92 days.** Examinations (including theory and practical) were conducted for 29 days for the under-graduate students and 17 days for the post-graduate students. Apart from the Government holidays, the college declared 5 days as holidays and 38 days as holidays after the end of the semester.

After the odd-semester holidays, the college re-opened on 02.12.2019, for the Even Semester of the academic year 2019-2020. The **College worked for 69 days** during the even semester. Examinations (including theory and practical) were conducted for 37 days for the under-graduate students and 16 days for the post-graduate students. Apart from the Government holidays, the College declared 3 days as holidays and 59 days as summer holidays. There was **no strike** during the academic year 2019-2020. The results of the Terminal examinations conducted in November 2019 and April 2020 are given in **Annexure-I and Annexure-II** respectively.

6. Financial Position – Grants Received, Statement of Expenditure and Assets Created

The financial position of the college is sound.During the year 2019-2020 a sum of Rs.3341733 was received from the UGC as Autonomy Grant. The assets created from the grants received from the UGC aregiven

Grant Received from UGC during the year 2019-2020

S.No.	Head of Accounts	Grant Received Rs. P.
1	Community College –DMLT	1780000.00
2	Carrier Oriented Programme	45326.00
3	Pramarsh Grant	1500000.00
4	Minor Research Projects	16407.00
	Total	**3341733.00**

7. COLLABORATIVE ARRANGEMENTS

The globalization process emphasizes on collaboration, which permits institutes to have an access to all facilities available on both sides. This will go a long way in improving the quality of higher education and skills of the students.

In running the **self-employment courses**, **the assistance** and services of the following institutes / organizations / persons were utilized:

(a) Collaborative arrangements were with the local match units for the successful running of the course **'Manufacture of Matches'** offeredby the Department of Chemistry**.**

(b) Experts in Advertising Agency, Director of Sericulture, Agricultural Extension Officers, etc., were invited to assist the Department of Zoology in the

successful running of self-employment courses like 'Sericulture' and 'Advertising Agency'.

Further, the Post-graduate Department of Commerce made collaborative arrangements with different firms based in different places (on the basis of one firm for one student), so as to enable the students to undergo one month practical training during the summer vacation.

The Departments of Business Administration, B.Com. (Computer Applications), B.Com., (E-Com) and Computer Science (both UG and PG) also made similar arrangements with a number of reputed firms for providing on-the-job training to their students.

A special mention must be made of the U.G.C. Career Oriented Programme courses *viz.*, 'Computer Maintenance' being run by the Under-graduate Department of Computer Science; 'Biotechnology' by the Under-graduate Department of Zoology and Sports Management by the Department of PHS of our College.

The Students of M.Sc Biotechnology / Bioinformatics / M.Com (CA) / M.Com / Computer Science / B.C.A / B.Sc (CS &IT) / B.Com (CA) / B.Com (EC) / M.Sc (Zoology) have undergone Summer Training and Project Work in the reputed organizations / institutions / universities.

8. RESEARCH CELL

Effective quality measures are being taken through Academic Affairs and Research Cell (AARC-PG) in ANJAC to promote research activities among the staff members and students. Research has now become an integral part of P.G. curriculum. Eight Departments are recognized as research centers and 27 staff members have been recognized as research guides by Madurai Kamaraj University and they guide the Ph.D. Scholars for their Doctoral Research. Eleven Departments offer M.Phil. Programme and research, which has also become an integral part of P.G. curriculum.

The Management also magnanimously sanctions incentives to the staff members for their contribution in research thereby motivating them to carry out research activities with abiding interest. During the academic year 2019-2020, a sum of Rs. **3,23,250/-** was distributed as incentive to the staff members during the College Day and Founders' Day function

6.	Mr. M. Satheeshkumar Assistant Professor Department of Commerce	Impact of green marketing practices in virudhunagar district's industries.	TNSCST Tamil Nadu	4,30,000
7.	Dr. S. Mahendran Assistant Professor Department of Microbiology	Electricity generation of actinomycetes isolated from the sathuragiri hills, western ghats, tamilnadu	TNSCST Tamil Nadu	5,00,000
8.	Dr.S. Balaji Assistant Professor Department of Zoology	*Design and development of nano clay coin as point-of-use disinfectant (pou-d) in poultry*	TNSCST Tamil Nadu	9,91,000
9.	Dr. M. Selvakumar Assistant Professor Department of Commerce	Smokers' perception, risks, influencing, and protective factors : a psychological analysis	ICSSR	14,25,000
10.	Dr. M. Selvakumar	Utilizing solar energy	TNSCST	9,37,000

	Assistant Professor Department of Commerce	in agricultural sector and its impact on financial productivity: a study with reference to select districts of tamilnadu	Tamil Nadu	
11.	Dr. S. Mahendran Assistant Professor Department of Microbiology	Effect of potassium mobilizing bacteria (KMB) on growth, yield and biochemical parameters of *solanum lycopersicum* isolated from sathuragiri hills western ghats	TNSCST Tamil Nadu	10,00,000
12.	Dr. J. John Wilson Assistant Professor Department of Microbiology	Behavioural expressionand molecular docking studies on odorant binding protein (OBP) of dengue vector to identify bioinspired noval repellents	TNSCST Tamil Nadu	9,81 ,000
13.	Dr. P. Ponmanickam Assistant Professor Department of Zoology	"Identification sex phermones in the excreta of house rat (*Rattus rattus*) in view of constructing pheromone based traps".	TNSCST Tamil Nadu	5,30,000
14.	Dr. T. Sivakumar Assistant Professor Department of Microbiology	Selective toxicity of zinc oxide nanoparticles against bacteria and cancer cells by apoptosis	TNSCST Tamil Nadu	9,81 ,000
15.	Mrs. P. Maheswari Assistant Professor Department of Microbiology	Fabricated zinc oxide nano as modern wound dressing derived from	TNSCST Tamil Nadu	5,30,000

10.2. ACHIEVEMENT BY STUDENTS IN NCC/NSS

10.2.1 NCC

1. TAMIL NADU CHIEF SECRETARY AWARD

Lt. Dr. N. TENSINGH BALIAH, NCC Company Commander, received **TAMIL NADU CHIEF SECRETARY AWARD** for the contribution of Armed Force Flag Day Fund collection. The Award comprises the Certificate and Silver Medal for the meritorious contribution towards the Flag Day Fund.

2. CAMP TRAINING

Camp training constitutes the most important part of NCC training. Every cadet in the NCC is expected to attend at least two camps during one's tenure to complete the Training Syllabi. NCC organizes training camps for students in rural and urban areas. During these camps, cadets get an opportunity to live and work with other students in a hostel environment. NCC in its determination to inculcate discipline, leadership and the feeling of nationalism among the youth of India, organizes various camps across India throughout the year.

3. ADVENTURE ACTIVITIES

Adventure training such as Cycle Expedition and Trekking were organized by our company for the welfare of cadets.

4. SOCIAL SERVICES

Extension services/Social services camps/programmes were organized by NCC in and out campus to create the awareness within the cadets and also public. Cadets actively participated in various Community development/Social service programmes such as **Pulse Polio Immunization Campaign, Blood Donation, Area Cleaning, Visit to Orphanage, Tree Plantation***etc.*

5. CERTIFICATE EXAMINATION

Second and third year cadets appeared for "B" and "C" certificate Examinations held at Virudhunagar and secured 100% pass in both B and C examinations.

10.2.2. NSS

The eight NSS units have taken Managaseigari, Koppayanayakkan Patti, Vendurayapuram, Noorsahipuram, S.Pudupatti and Mannukkumeentanpatti as adopted villages

a) Dengue Awareness meeting was conducted. Dr.Kalusivalingam, Joint Director, PH Centre, Sivakasi was the Chief Guest.

11. Benefit accrued to Students under Autonomy

Ever since the conferment of autonomous status to our institution, our college has made rapid strides in all spheres of higher education. Shift from affiliated to autonomous system indeed, enabled us to usher in various innovations and reforms which ensured the holistic development of the student community. As UGC has been reiterating the importance of Institutes of Higher Learning to imbibe the three cardinal rules such as equity, access and quality in the endeavours of higher education, our institution has been utilizing the concept of autonomy both in letter and spirit. Accordingly, the following benefits are accrued to the students under autonomy.

1. Providing workable Curriculum

- ✓ Periodical revamping of the curriculum to meet the job market requirements
- ✓ Recasting the curriculum to mould knowledgeable graduates
- ✓ Designing the curriculum to produce employable and skillful learners
- ✓ As curriculum designing requires mandatorily the representatives from industries, academia and alumni, it is followed without any compromise which is possible only by an autonomous institution

- ✓ Provision for add on courses such as Information Technology, Environmental Studies and Life Coping Skills
- ✓ Inclusion of Value based education and Knowledge on human rights and women studies

2. Wide Choices for the students under Choice Based Credit System

- ✓ Under autonomy through CBCS, Students are provided with horizontal and vertical mobility of programmes
- ✓ Large number of electives and optional papers
- ✓ Short term / Crash courses with credit allocation for fast learners
- ✓ Academic flexibility to incorporate necessary global standard academic programmes

3. Examination reforms

- ✓ Online examination system
- ✓ Online Certificate verification system for hassle free certification and verification
- ✓ Video Conferencing Viva-voce Exam

4. Quality enhancement of faculty

As any measure undertaken towards the enhancements of the Quality of the higher education is ultimately benefiting the end users i.e., the students. Quality enhancement of teachers were made by the conduct of Staff Development Programmes, Workshops and Faculty Development Programmes through which the staff members update themselves and ultimately the student community gets benefited.

13. Participation of Teachers in Academic and Extenion activity

One of the most important objectives of the education is to mould the student community to face the vagaries of the outside world. Indeed, the world outside the classroom for the student is totally different from what he had inside the classroom. In order to provide them a taste of the life in the outside world, large number of Extension Activities wereconducted by providing funds to all the Departments. The Extension Activities mainly conducted in the immediate neighbourhood made the students study the real life situation of the common man. By these Extension Activities school students and the public in and around Sivakasi were benefited. Likewise, the activities conducted in places such as orphanages, old age homes, deaf and dumb schools, government hospitals, schools and so on and so forth enabled the students to understand the root cause of the sufferings of the rural poor and the downtrodden.

By way of conducting Extension Activities the students have a chance to develop a real interpersonal relationship with the neighbourhood community and society. Hence, every year we are conducting large number of Extension Activities by providing funds for the welfare of the society and school students.

15.1. Mushroom culture

The Mushroom Centre functions in the college has been providing consultancy services to the adjoining **rural community** and SHG by way of offering **technicalknow-how** of the culture techniques, besides offering an elective paper on Mushroom Culture for the benefit of the students. The mushrooms raised in our college centre were sold in our college campus. Mushroom soup is also prepared and sold in our college campus.

15.2. Identification of Mosquitoes

The Post Graduate Department of Zoology has identified the Mosquitoes brought by the students of other colleges.

16. CREGWAV

Centre for Research on the Effect of Global Warming and Environmental Awareness in Virudhunagar District(CREGWAV) was established in our college to create awareness on the effect of global warming among the people in our district. It monitors the air quality, temperature, relative humidity, rain fall in Virudhunagar district. This forum also analysed the number of trees in Sivakasi and its vicinity inclusive of our college campus.

17. HIGHLIGHTS OF ACHIEVEMENTS AFTER ATTAINING AUTONOMY

The conferment of autonomy has given us wide scope to restructure the UG, PG and M.Phil., curricula incorporating therein new components so as to make education in the

campus more broad-based and diversified than in the pre-autonomous era. Besides, autonomy has given us a challenging task – the task of development of the overall personality of the learners in the campus.

In fact, after becoming autonomous, many new components like General Knowledge; Career Education, Value Education, Human Rights and Women Studies, Physical Education, Environmental Studies, Spoken English, Information Technology, Mass Communication, Test of Reasoning and Personality Development have been introduced in the curriculum for creating and developing vocational awareness and social consciousness among the learners, so that their employability may also be enhanced. Indeed, autonomy has paved the way for curricular innovations in the campus in the interest of students in particular and the society at large.

18.1. Curricular Reforms

The rigidity attached with the affiliated system has been completely dispensed with under our autonomous set-up. The major considerations addressed in the curriculum are

- Development of the **overall personality of learners** in the campus by giving due attention to all the educational domains in the curriculum,
- Inculcation of **scientific temper, democratic, moral, social and spiritual values** in the minds of learners,
- **Orientation of learners** towards self-learning and developing skills in communication so that they may become more active participants in the learning process,
- Appraisal, review and restructure of the curricula on par with the expansion of global knowledge,
- Diversification of the programme contents with a view to establish greater relevance to local, socio-economic problems and world of work
- Introduction of greater flexibility in the curriculum by giving more freedom of choice to learners to design their own curriculum
- Introduction of **Choice Based Credit System (CBCS)** into the U.G. and P.G. curricula gives an opportunity to students to construct their own course scheme based on their academic interest and choice of career.
- Giving more thrust on the improvement of **communication skills** of learners in the campus

- Introduction of **interdisciplinary papers** in the P.G. Curriculum
- Assisting learners to undertake research in different disciplines including inter-disciplinary researches, so that they may support the process of development and modernization of the nation with research work
- Imparting environment based education to all the learners in the campus and
- Designing and introducing **job oriented programmes** wherever possible to meet the local requirements and thereby making learners employable in the market.
- Inclusion of Physical Education under Part –V of the course scheme for all Under-graduate courses.
- Introduction of Project Work for U.G. and P.G. Learners.
- **Horizontal and Vertical mobility** of P.G. Students in selecting their elective papers.
- Introduction of numerous Certificate, Diploma and Advanced Diploma Courses.

18.2. Teaching-Learning Reforms

The impact of autonomy is greatly felt in the teaching learning field also. Autonomy has enabled us to introduce teaching-learning reforms. Lecture method of teaching is gradually replaced by modern teaching with the use of Interactive boards, Clarity Visualizers, LCD Projectors, Over head Projectors, Group Discussion, Model Interviews, Self-Study techniques, Project Work, Library Work etc., Greater attention is being paid to the development of communication skills for which Spoken English course is offered for the benefit of the students. The staff members are motivated to prepare **Multimedia Learning Materials (MLM)** ,**Video Lessons and Audio Lessons** for effective learning by our students. Students are encouraged to prepare power point presentations for their seminars and association meetings.

18.3. Examination Reforms

Another achievement of autonomy in the campus is, the reforms introduced in the examination system. Apart from the conventional written and practical examinations, some innovative techniques like assessment of Group Discussions, Model interviews, Communication Skills, Library Notebooks etc., have been tried with great success. A blue print for the question paper setter has been developed, limiting the Knowledge type questions only to 50% of the total marks of the said paper. This has been done with a view to create originality and promote scientific thinking in the minds of the learners.

The blue print is sent to the external examiners to enable them to follow the educational objectives in the question paper set by them.

Comprehension Test (Terminal examination) is being conducted as "**on-line test"** for the Post-graduate Students. Necessary software for conducting the test was developed by the faculty of Computer Science .The questions for comprehension test are set by the Course Teachers. From the academic year 2010-11 onwards, computers assisted question paper setting is implemented for the comprehension test. These question papers are framed by the Computers from the Multiple Choice Question Bank developed by our College Staff. The Server randomly distributes the questions to each student. When the students submit the answer sheet, it is evaluated by the computer itself and produces a completed foil card of the marks scored by the students for individual department. Students of our College find the on-line comprehension test to be easier than the conventional test.

All Terminal Examination question papers are analyzed by the respective course teachers and any deviation from the expected pattern is intimated to the examiner who is going to undertake the second valuation. Copies of the mark sheets of terminal examinations of all the students of the college are sent to their parents to make them know the performance of their wards. Steps have been initiated to prepare **Question Bank** for all PG courses.

19. Concluding Remarks

In a developing country like India, Higher Education Institutions need to play a significant role in the holistic development of the society in general and the individual in particular. This is all the more relevant to a rural institution like ANJAC which has been serving as a beacon in the higher education horizon of the country. Ever since its inception in the year 1963, the college has been striving hard to emancipate the society by providing quality education to the rural student community. Though the college has grown from leaps and bounds, it never compromised its ideals of imparting knowledge and wisdom to the ever growing needs of the student society.

In its glorious history spanning more than five decades, the institution has crossed several milestones. Conferment of autonomy in the year 1987 enabled the institution to possess necessary liberty for periodical revamping of curriculum to synchronize the local needs with the choice based credit system, conducting online examination, providing on-the-job training, job-oriented courses and soft skill programmes to enhance the employability of

the learners, developing robust infrastructure for conducive teaching – learning and recruiting competent faculty for the overall development of the institution.

Moreover, autonomy has empowered the institution to tap funds from various funding agencies to foster the research culture among the faculty. Realising the potential of the college, the University Grants Commission has earnestly elevated and recognized the institution as the College of Excellence. This recognition came as shot in the arm for the institution to march ahead with the motto of bringing in many more innovations and novelties in teaching – learning and evaluation processes.
